What makes us different

Design

We like to think our design team are the tops.
We are never afraid to use bold colour.

Our design team are able to work with you on bespoke design projects.

Our factories

We only manufacture in our vertical factories.

We source our cashmere directly from the nomadic herdsmen and make all dehairing, yarn spinning and knitting in our factories.

We control our quality

We control the quality of the cashmere we use which always only long staple cashmere over 38 mm.
We have no short fibre blended in.

This allows our knitwear to perform well for pilling and also means that ALL our cashmere is **MACHINE WASHABLE** at 30 degrees.

Competitive pricing

Because we are a vertical manufacturer we do not have multiple middle man profits in our supply chain.

Royal seal of approval

We have been awarded the UK's highest business honour, The Queens Award for International Trade 2022 which recognises our growth in exports particularly over the last 3 years.

We would love to work with you

A photograph of two young women posing for a photo. The woman on the left is Black with braided hair, wearing a light pink sweater with a faint star pattern. The woman on the right is white with blonde hair, wearing a dark blue sweater with a bright green star pattern. They are both looking towards the camera, with their hands raised in front of them, palms facing forward, as if they are about to take a selfie or are in a playful pose. The background is a plain, light-colored wall.
